

Does This Sound Like You?

- *Are you tied to a job where you can only get limited time off from work?*
- *Does your horse have a few "issues" that you just seem to avoid addressing? (head tossing, rushing to be the lead horse, no whoa, won't stand for bathing or farrier, etc.)*
- *Have you ever wished you could just get away with your friends, your spouse, or your family and your horses for a few days of fun, rest, and relaxation?*
- *Would you like to find a peaceful mountain setting where you could ride great trails and have access to a top notch riding facility?*
- *Do you think it would be too much to ask to get some individualized training for you and your horse while you were there?*
- *And, just suppose that training was one-on-one with a world renowned horse trainer?*

Sound like a dream vacation? Well, your dreams may just be coming true!

Cedar Run is a working ranch and seasonal farm work is an important part of our operation. So, if you're not content to just relax or go exploring in the evenings, you are more than welcome to "roll up your sleeves" and join in if there are chores like baling hay, trail maintenance, or mending fences to be done.
